205		Industrial sustainability: Reviewing the past and envisioning the future / John W.Sutherland,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Manufacturing Science and Engineering

206		Industry review of distributed production in discrete manufacturing / Moneer Helu,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Manufacturing Science and Engineering
207		Intelligent maintenance systems and predictive manufacturing / Jay Lee,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Manufacturing Science and Engineering
208		Investigation of interfacial layer for friction stir welded AA7075-T6 aluminum to DP1180 steel joints / Zhi li Hu, Hai yang Yu, Qiu Pang.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Manufacturing Science and Engineering
209		Laser based fabrication of carbon nanotube metal composites on a polymer substrate: Experimental study and characterizations / Zheng Kang,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Manufacturing Science and Engineering
210		Metal binder jetting additive manufacturing: A literature review / Minh Li,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Manufacturing Science and Engineering
211		Micro/meso-scal mechanical machining 2020: a two-decade state-of-the-field review / Johnson Samuel,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Manufacturing Science and Engineering
212		Modeling dynamic stability and cutting forces in micro milling of Ti6Al4V using intermittent oblique cutting finite element method simulation based forced coefficients / Priyabrata Sahoo,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Manufacturing Science and Engineering
213		On the cutting of metals: a mechanics viewpoint / Dinakar Sagapuram,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Manufacturing Science and Engineering
214		Opportunities and challenges in metal forming for lightweighting: Review and future work / Jian Cao, Mihaela Banu.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Manufacturing Science and Engineering

215		Overview of laser applications in manufacturing and materials processing in recent years / Yung C.Shin,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Manufacturing Science and Engineering
216		Progress toward modeling and optimization of sustainable machining processes / I.S.Jawahir,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Manufacturing Science and Engineering
217		Recent advancements in machining with abrasives / Changsheng Guo,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Manufacturing Science and Engineering
218		Self support topology optimization with horizontal overhangs for additive manufacturing / Jikai Liu, Huangchao Yu.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Manufacturing Science and Engineering
219		Simulating thermoelectric effect and its impact on asymmetric weld nugget growth in aluminium resistance spot welding / Lin Deng,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Manufacturing Science and Engineering
220		Simulation of grain refinement induced by high speed machining of OFHC copper using cellunar automata method / Jun Zhang,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Manufacturing Science and Engineering
221		Ultra precision machining: Cutting with diamond tools / D.A.Lucca,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
222		3D design using generative adversarial networks and physics-based validation / Dule Shu,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
223		A new multi objective bayesian optimization formulation with the acquisition function for convergence and diversity / Leshi Shu,...[et al.]	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
224		A new sampling approach for the multi scale design of metallic materials / Pinar Acar.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design

225		A novel approach to kinematic reliability analysis for planar parallel manipulators / Qiangqiang Zhao,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
226		A novel framework for simultaneous topology and sizing optimization of complex, multi domain systems of systems / Donald J.Docimo,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
227		A preference based approach to assess a component's design readiness for additive manufacturing / Seyedeh Elahed Ghiasian,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
228		Adaptive inspirational design stimuli: using design output to computationally search for stimuli that impact concept generation / Kosa Goucher Lambert,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
229		Adding a detrital actor to increase system of system resilience: a case study test of a biologically inspired design heuristic to guide sociotechnical network evolution / Bryan C.Watson,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
230		Agent based modeling of decisions and developer actions in wind farm landowner contract acceptance / Sita M.Syal, Ding Yiqing, Erin F.MacDonald.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
231		An exploration of intermediary's role in participatory product design at the bottom of the pyramid: The case of improvised pedal - operated chaak / Bibhuti Ranjan Bhattacharjya, Sashindra Kumar Kakoty.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
232		An inverse, decision based design method for robust concept exploration / Anand Balu Nellippallil,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
233		An Investigation on the effect of ambiguity, gender orientation, and domain relatedness of design projects on student performance / Elif Elcin Gunay,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design

234	An investigation on the effects of ambiguity, gender orientation, and domain relatedness of design projects on student performance / Elif Elcin Gunay,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
235	But will it build? Assessing student engineering designers' use of design for additive manufacturing considerations in design outcomes / Rohan Prabhu,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
236	Calibration and validation framework for selective laser melting process based on multifidelity models and limited experiment data / Alaa Olleak, Zhimin Xi.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
237	Combining direct and indirect user data for calculating social impact indicators of products in developing countries/ Bryan J.Stringham,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
238	Computer-aided design-based topology optimization system with dynamic feature shape and modeling history evolution / Jikai Liu, Albert C.To.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
239	Conceptualizing stable states in origami based devices using an energy visualization approach / Jacob Greenwood,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
240	Constructing oscillating function based covariance matrix to allow negative correlations in gaussian random field models for uncertainty quantification / Hongyi Xu.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
241	Data fairy in engineering land: The magic of data analysis as a sociotechnical process in engineering companies / Claudia Eckert,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
242	Decentralized multisubsystem co design optimization using direct collocation and decomposition based methods / Tianchen Liu, Shapor Azarm, Nikhil Chopra	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design

243		Description models of sequential decisions in engineering design: an experimental study / Ashish M.Chaudhari, Lias Billionis, Jetesh H.Panchal.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
244		Design and analysis of new haptic joysticks for enhancing operational skills in excavator control / Meera C S,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
245		Design for clean technology adoption: Intergration of usage context, user behavior, and technology performance in design / Mohammad H.Parkavan, Nordica A.MacCarty.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
246		Design heuristic: Extraction and classification methods with jet propulsion laboratory's architecture team / Kenton B.Fillingim,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
247		Designing representative model worlds to study socio technical phenomena: A case study of communication patterns in engineering systems design / Ashish M.Chaudhari,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
248		Dynamic trajectory planning for a three degrees of freedom cable driven parallel robot using quintic B-splines / Sen Qian,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
249		Effects of robust convex optimization on early stage design space exploratory behavior / Priya P.Pillai,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
250		Estimate uncertainty: Miscommunication about definitions of engineering terminology / John Meluso, Jesse Austin Breneman, Jose Uribe.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
251		Flexure pivot oscillator with intrinsically tuned isochronism / E.Thalmann,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design

252		Harnessing process variables in additive manufacturing for design using manufacturing elements / Yi Xiong,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
253		Impact of generational commonality of short life cycle products in manufacturing and remanufacturing processes / Jinju Kim, Harrison M.Kim.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
254		Influence of sliding friction on the dynamic characteristics of a planetary gear set with the improved time varying mesh stiffness / Wei Luo,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
255		Isogeometric optimal design of compliant mechanisms using finite deformation curved beam built up structures / Myung Jin Choi, Seonho Cho.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
256		Iterative most probable point search method for problems with a mixture of random and interval variables / Hyunkyoo Cho, Kyung K.Choi, Jeakwan Shin.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
257		Load displacement characterization in three degrees of freedom for general lamina emergent torsion arrays / Nathan A.Pehrson,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
258		Mining design for additive manufacturing via eye tracking methods and hidden markow modeling / Priyesh Mehta,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
259		Optimazing architecture transitions using decision networks / Afreen Siddiqi,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
260		Optimization of part consolidation for minimum production costs and time using additive manufacturing / Zhenguo Nie,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
261		Predicting design performance utilizing automated topic discovery / Zachary Ball, Kemper Lewis.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design

262		Quantifying the importance of solar soft costs : a new method to apply sensitivity analysis to a value function / Sita M,Syal, Erin F.MacDonald.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
263		Rapid modeling and design optimizarion of multi topology lattice structure based on unit cell library / Yuan Liu,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
264		Research opportunities and challenges in engineering system evolution / Guanglu Zhang,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
265		Resisiting flexibility in design: an analysis of the impact of implementation uncertainty on the value of real options / Stephen J.Sapol, Zoe Szajnfarder.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
266		Shared gaussian process: learning interpretable shared hidden structure across data spaces for design space analysis and exploration / Wei Xing,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
267		Social impact in product design, an exploration of current industry practices / Andrew T.Pack,...[et al.].	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
268		Stress constrained design of functionally graded lattice structures with spline based dimensionality reduction / Jenny Zimi, Conner Sharpe, Carolyn Conner Seepersad.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
269		Structured to succeed? Strategy dynamics in engineering systems design and their effect on collective performance / Ambrosio Valencia Romero, Paul T.Grogan.	New York : ASME (The American Society of Mechanical Engineers), 2020.	Cơ khí	Journal of Mechanical Design
